A CE marking indicates that a product complies with the legal requirements of the European legal standards and may therefore be traded within the European Community.

## General Safety Instructions

- Changes that serve technical progress can be made by the manufacturer without prior notice and may not yet be taken into account in the operating instructions.
- Check the ramp for damage, cracks, deflections and material fatigue before commissioning!
- Never put a defective or inoperable ramp into operation! Contact the manufacturer or have the ramp inspected by a qualified professional.
- Always work with caution and the necessary caution!
- Wear protective equipment such as safety shoes, work gloves, goggles, etc.
- In no case do not use excessive force!
- Keep children and uninvolved third parties away from the work area.
- Never exceed the maximum payload (see chapter 3) of the ramp!
- The max. payload applies to full-surface load (no point load) of the ramp at max. angle of attack.
- Never jump on the ramp!
- Do not drive on the ramp. Pull or push the load upwards.
- Keep your body and limbs away from the danger point, do not step under or behind the load.
- Never work when you are tired or under the influence of drugs, medication or alcohol.
- Always fasten and secure the ramp!
- All maintenance work must be carried out by a qualified professional.
- Always use the appliance on a flat, flat, hard surface.
- Make sure the flange end is facing downwards. The other end must be in full contact with the tailgate or loading area of the loading vehicle.
- Note that the ramp is free of dirt, grease, oil, etc.
- Never charge a vehicle with the engine running. Allow the vehicle to cool down before charging it.
- Only store packaging parts (foils, plastic bags, polystyrene, etc.) in places that are not accessible to children, especially infants! Because packaging parts often pose unrecognizable hazards (e.g. choking hazard).

## Technical data

Resilience	200 kg per ramp
Length	160 cm
Width	23 cm
Material	Galvanized steel
Gewicht	10kg je Rampe

## **Before use**

Make sure the end is facing down. This will prevent the ramp from slipping. Make sure that the holes of the ramp match. Plug in the bolts from above and secure with washers and nuts.

## **Commissioning**

- Keep animals and people away from the ramp and loading area.
- Make sure that the ramp is free of dirt, oil, etc.
- Never charge a vehicle with the engine running. Allow the vehicle to cool down before charging.
- Never exceed the max. weight (see technical data). Charge the vehicle slowly.
- Do not drop a load on the ramp. This may reduce the load capacity and result in injury and/or property damage.
- Always use the ramp on a flat, flat, hard surface.

## **Cleaning and maintenance**

- Note that the ramp is free of dirt, grease, oil, etc.
- Periodically inspect the device for damage.
- Tighten the nuts and bolts before each use.

## Disposal Instructions

### Disposal and packaging

- Please ensure that the packaging is disposed of appropriately in accordance with the guidelines and standards applicable in your region. In some cases, the packaging may consist of plastic bags - in this regard, take special care to ensure that they do not get into the hands of children. There is a risk of suffocation!

### Disposal of old equipment

- Old appliances must be disposed of in accordance with the guidelines and regulations of local waste disposal.

### Meaning of the symbol "garbage can"

Protect our environment, Electrical appliances should not be disposed of with household waste. Use the collection points provided for the disposal of electrical appliances and hand in your electrical appliances there that you will no longer use. In this way, they help to avoid the potential effects of incorrect disposal on the environment and human health. In this way, you are making your contribution to the reuse, recycling and other forms of recovery of waste electrical and electronic equipment. Information on where to dispose of the devices can be obtained from your municipalities or municipal administrations.
