

# AREBOS

## Thermal cover round 140/160cm ø

Follow all the safety precautions in this instruction manual to ensure safe use.

Thank you for your trust in AREBOS.

Keep children away!

### General safety instructions

- Remove the thermal cover completely from the packaging and check it for damage/cracks before using the cover.
- Store packaging parts (foils, plastic bags, polystyrene, etc.) only in places that are not accessible to children, especially infants! Because packaging parts often pose unrecognizable hazards (e.g. risk of suffocation).

### Use

- Inflate the cover with the help of a pump (electric or manual). To do this, open the plug located on the edge

- We recommend using the thermal cover to heat up the water in the hot tub faster and keep the temperature longer, e.g. in winter. In addition, the cover ensures that no dirt or rainwater gets into the hot tub.

## Specifications

	140cm ø	160cm ø
Weight	2.5 kg	2.8 kg
Color	Black	Black
Material	PVC	PVC
Diameter	140cm	160cm

## Disposal instructions

### Disposal and packaging

- Please ensure that the packaging is disposed of appropriately in accordance with the guidelines and standards applicable in your region. Some of the packaging may consist of plastic bags - take special care to keep them out of the reach of children. There is a risk of suffocation!
