Follow all safety precautions in this user manual to ensure safe use. / Suivez bien toutes les mesures de sécurité contenues dans ce mode d'emploi afin de vous assurer une utilisation en toute sécurité. / Please follow all security measures in this user's manual to ensure a secure use.

Thank you for your trust in AREBOS.

Safety

- Thank you for purchasing our product. Please read the instruction manual carefully before using the product for the first time. If you leave the product to third parties, these operating instructions must also be handed over. The instructions for use are based on the standards and rules applicable in the European Union. When abroad, also observe country-specific guidelines and laws.
- Keep the instructions for use for later use. If you pass on the case to third parties, be sure to hand over these instructions for use as well.
- The suitcase is only for carrying your personal belongings from one place to another. It is intended exclusively for private use and is not suitable for commercial applications.
- Use the case only as described in these instructions. Any other use is considered improper and may result in property damage or even personal injury. The suitcase is not a child's toy.
- Do not pull the suitcase when climbing stairs, but carry the suitcase instead.
- Avoid overfilling the suitcase, as this may cause damage to the suitcase or its contents.

Intended use

- Remove the suitcase from its packaging and check if it is damaged. If this is the case, do not use the suitcase. Contact the manufacturer using the service address indicated on the warranty card.
- Make sure that children do not play with the packaging. You can get caught in it and suffocate while playing.

Incorrect lifting and carrying of bulky luggage can lead to injuries to the bones, muscles and joints. When lifting or carrying the suitcase, position your hands on both sides of the suitcase to lift it. Let us help you if the suitcase is too heavy.

Setting the numerical code

- The factory default setting of the lock is 0-0-0.
- You can set your personal number combination as follows: Open the lock in the direction of the arrow and hold it open until you have completely set the number combination with the next step.
- Change the combination of numbers as you wish. The noticeable resistance of the number wheels is intentional. Remember the set combination of numbers well!
- The numerical code is set as soon as you close the lock again. Open the lock again to check.

Cleaning and storage

- Improper cleaning of the suitcase may result in damage.
- Do not use aggressivesolvent-based cleaning agents.
- Do not use scratchy or sharp cleaning utensils such as knives, metal or nylon brushes or the like. These can damage the surfaces. Instead, clean the suitcase with a damp cloth. Allow the suitcase to dry completely before storing it.
- Store the suitcase in a clean, dry place.
- Keep the suitcase away from direct sunlight and heat sources.
