

AREBOS

Pipe cleaning hose

Please follow all security measures in this user's manual to ensure a secure use.

Thank you for trusting in AREBOS.

Please read and save these instructions. Read through this user's manual carefully before using this product. Protect yourself and others by observing all safety information, warnings and cautions. Failure to comply with instructions could result in personal injury and/or damage to product or property. Please retain instructions for future reference.

Safety instructions

- The tube cleaning hose is not intended to be used by persons with limited physical, sensory or mental capabilities.
- The pipe cleaning hose must not be used by children or by untrained persons.

Intended use

- The pipe cleaning hose is used to clean pipes, downpipes and drains in the private sector and is not suitable for commercial use.

Installation and commissioning

- Due to the high-pressure jets directed to the rear, the hose pulls into the pipe.
- Press the coupling of the pipe cleaning hose into the gun and lock it by turning it clockwise.
- Insert the hose into the pipe to be cleaned.
- Turn on the pressure washer and press the trigger on the gun.
- Guide the hose by hand.
- When a blockage is reached, press and release the gun trigger several times in succession.
- After completing the cleaning process, first turn off the high-pressure cleaner, then pull the hose out of the pipe and separate it from the gun

Cleaning and maintenance

- Clean the tube cleaning hose with a dry cloth after each use. Do not use detergents!
- Assemble the hose and store it in a dry place that is not accessible to children.

Disposal instruction

Disposal of the packaging

- Please make reference to the guidelines and standards for appropriate disposal of the packaging valid in your region. In part, the package may consist of plastic bags - watch this respect, with special care to ensure that this is not out of the reach of children. There is a risk of suffocation!

Disposal of waste equipment

- Equipment must be disposed of in accordance with the rules and regulations of the local waste disposal.
- At the end of the long life of your article, please dispose of the valuable raw materials for proper disposal so that proper recycling can take place. If you are not sure how to proceed, the local waste disposal companies or recycling centers are happy to help.
