Folded dimensions	740 x 460 x 365 mm
capacity	150 kg
Max. load capacity when climbing stairs	40 kg
Weight	11.7 kg

5. Assembly

1. Fold the loading shovel down at a 90° angle.
2. Attach the wheels to the axle using the supplied safety material.
3. Press the two red buttons. Then insert the handle bracket into the tube.

6. Commissioning

- To ensure safe use, check the connection of all parts.
- Fold down the loading shovel. By pressing the push buttons, you can vary the height adjustment of the handlebar.
- The load capacity is max. 150 kg with even weight distribution. When used on steps, the maximum load capacity is reduced to 40 kg. Please note that the corresponding max. load capacity must not be exceeded!

7. Cleaning and maintenance

- After use, clean with a dry cloth and store in a dry place.

Disposal instructions

Disposal and packaging

- Please ensure that the packaging is disposed of appropriately in accordance with the guidelines and standards applicable in your region. Some of the packaging may consist of plastic bags - take special care to ensure that they do not get into the hands of children. There is a risk of suffocation!
